Private Tuition/Classes

We have dedicated and experienced teachers who provide individual attention and one-on-one approach to your child at the comfort of their homes or at the center.

Private home tuition creates a stress free, environment, free from interruptions and unwanted noise. It improves students' self-esteem and creates more confidence, allowing them to think more creatively.

We believe each child is uniquely brilliant and matching them with a teacher who will understand them, personalizes there learning brings out the best in their academic potential.

Learning at the Tuition Center

- Private students
- Private candidates

Learn with us at the center with the Best Tutors and Best Learning resources.

Homeschooling

Learning with teachers experienced and highly trained in homeschooling support, designing learning programs and blending various educational systems experience into homeschooling.

Our Priority is to understand what type of a learner is your child, Visual learner, Auditory learner or tactile learner to help create a highly beneficial learning program for them. We create the best experience for our homeschooling community by providing social learning interaction platforms at our tuition center in Westlands.

Special Needs Education

With the largest network of highly experienced special needs teachers and specialists working hand in hand with Kenya institute of special needs [KISE] and other international bodies in the forefront of offering comfortable learning programs at the comfort of the student's home. our specialty in learning disabilities include: **(dyslexia, dycalculia, ADHD) Autism, Cerebral Palsy, Down Syndrome, physical disabilities among others)**

Our Education Mission and Use of Learning Technology

“As educators, our motivation is deeply rooted in the belief that every student is uniquely brilliant and they deserve high quality personalised learning”

We integrate use of technology and Mini-White Boards to enable each student explore their learning styles and limits helping them achieve more in academics.
